

Seminis[®]
Grow better together

**CABBAGE
VICTORIA**

F1

*"High yielding early maturity
cabbage for all markets"*

Seminis
Grow better together

Features

-  Matures in 70 - 75 days.
-  Has a compact head weighing 4.0-5.0kg.
-  Yield potential of 45 - 56t /Acre.
-  High uniformity of heads.
-  Good transportability and storage qualities; has tough wrapper leaves to withstand handling and loading conditions while harvesting.

Advantages

-  Good field holding capacity.
-  Can be transported to far away market due to its tough wrapper leaves and firm cabbage heads.
-  Reduced loss due to reduced grading.

Benefits

-  Uniform harvesting saves the grower repeated harvesting costs.
-  Highly acceptable on the market means better pay for the grower.
-  Can be sold in far markets - the growers is assured of a sale including very far and dry places where cabbages cant be grown.

The terms and abbreviations used by the Bayer to describe the reaction of plants obtained from the seeds to pests or pathogens and to abiotic stresses such as (High/standard resistance (HR), moderatenntermediate resistance (IR), Immunity, Susceptibility and Tolerance shall have the meaning given by the International Seed Federation and can be found on ISF website (www.world-seed.org).

All information concerning the varieties and their performance given orally or In writing by Bayer or its employees or Its agents is given in good faith but is not to be taken as a guarantee by Bayer as to performance and suitability of the varieties sold. Performance may depend on local climatic and other causes. Bayer assumes no liability for the given information.
